

# LAUNCH OF THE COEGA WELLNESS CENTRE VACCINATION SITE

*With the country's vaccination roll out process well underway, the Coega Development Corporation (CDC) Wellness Centre in Zone 4 of the Coega Special Economic Zone (SEZ) is now a COVID-19 public vaccination site, servicing (a) CDC employees, (b) tenants and their employees located at both the Coega SEZ including contractors and Nelson Mandela Bay Logistics Park (NMBLP) and (c) the surrounding communities of Motherwell & Wells Estate. This is in line with the CDC's ongoing commitment to building healthy communities in realisation of our vision - to be a leading catalyst for championing of socio-economic development and contribute to the important national effort to defeat the pandemic.*
