

COEGA PLANT RESCUE OPEN DAYS

INVITATION TO COLLECT PLANTS FOR YOUR GARDEN

The Coega Development Corporation (CDC) is the Operator of the 9003 ha Coega Special Economic Zone (SEZ). Development is guided by a wide range of best practice environmental management mechanisms. Prior to the development of any site in the Coega SEZ, a search and rescue operation is undertaken where:

- Plants to be rescued are identified and relocated to the Coega Conservation areas
- Plants are removed for landscaping the Coega SEZ and are made available to the public for collection and personal use

The CDC invites members of the public to participate in the Coega Plant Rescue Open Days on a regular basis.
